House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

Dear Chairman Cole and Ranking Member DeLauro: I am requesting funding for Lincoln Avenue Corridor Infrastructure Modernization Project in Fiscal Year 2027. The entity to receive funding for this project is Borough Of Grove City, located at 123 W. Main Street Grove City PA 16127. The funding would be used to modernize a critical industrial access route serving Hall Industries and the surrounding neighborhood by addressing long-standing deficiencies in pavement condition, pedestrian infrastructure, stormwater management, and freight mobility. The project consists of three coordinated components: (1) full-depth roadway resurfacing and sidewalk replacement along Lincoln Avenue, (2) widening of the Lincoln Avenue and North Broad Street (SR 173) intersection to improve truck turning movements, and (3) comprehensive stormwater upgrades to eliminate chronic flooding near Harvard Street and improve drainage throughout the corridor. The project is an appropriate use of taxpayer funds because it addresses essential public infrastructure needs that directly support economic activity, public safety, and long-term community resilience. The Lincoln Avenue corridor serves one of the district's major manufacturers and provides a key connection to regional freight routes. Improving the roadway, sidewalks, and truck turning movements ensures safer and more efficient transportation for residents, employees, and commercial carriers. Upgrading the stormwater system will eliminate chronic flooding that damages public infrastructure, disrupts access, and increases long-term maintenance costs. By replacing aging drainage components now, the Borough avoids more expensive emergency repairs and protects both public and private property.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
